SMM area plan

- Hall A1**
 -  Ship operation equipment, environmental technologies
 -  Deck equipment, cargo handling systems
- Hall A2**
 -  Pumps, valves, compressors, new fuel technologies
- Hall A3/A4**
 -  Prime movers, propulsion systems and new fuel technologies
- Hall B1**
 -  National pavilions
- Hall B2**
 -  Shipyards, shipbuilding industry
 -  Production equipment, ship engineering and design
 -  National pavilions
- Hall B2/B3**
 -  Maritime security and defence
- Hall B3/B4**
 -  Shipyards, shipbuilding industry
 -  National pavilions
- Hall B5**
 -  Marine interiors, heating, ventilation, air conditioning
 -  Safety equipment, fire protection, marine coatings, corrosion protection
- Hall B6**
 -  Navigation and communication
 -  Electrical equipment, electric drives, automation, lights, sensors and indicators, software and IT
 -  Marine technology
- Hall B7**
 -  Shipbuilding materials
 -  National pavilions
- NEW Hall B8**
 -  Shipyards, shipbuilding industry, navigation and communication, electrical equipment, automation, software and IT

welcome to business, innovation, networking, discovery, insights, careers, awards and fun

After many months of preparation, we're delighted to finally welcome you to a week packed with highlights you only get at the world's leading trade fair for the maritime industry.

For the first time, our high-profile conferences will take place on four Transition Stages in the exhibition halls and are open to everyone free of charge. Have a look at the conference programme for details of other stage sessions and speaker slots as well as the Career Forum.

More firsts: the Future Fuels Area in hall A2, the AI CENTER in hall B6, the AI for the Oceans Award on the Open Stage in hall B2 and the MARINE INTERIORS Discovery Bay as a new part of MARINE INTERIORS @SMM

in hall B5. Again, the SMM Maritime Start-up Pitches and the SMM Maritime Start-up Award will prove very popular, just like Wine o'clock, our networking format each evening from 17:30 to 19:00 on all four Transition Stages.

Enjoy your visit to SMM 2024 – and if you want to drive your business with us, please find us at our Sales Lounge at the Central Entrance (upper floor) to learn more about our upcoming events and to secure your stand for the next SMM in September 2026.

Your SMM team

Welcome to the Hamburg Big Three of Energy Transition in 2024!

what does a winning investment look like?

TradeWinds invites leading thinkers and stakeholders to provide answers to the big questions – from dealing with the uncertainty of new EU and IMO regulations and the lack of clarity around fuel and technology, to ways to de-risk investments and develop a holistic strategy for long-term commercial success despite the threat of geopolitical turbulence.

Welcome address

- **Julian Bray** Editor-in-Chief, TradeWinds
- **Claus Ulrich Selbach** Business Unit Director Maritime & Technology Exhibitions, Hamburg Messe und Congress

Market forces and maritime technology – who will win shipping's innovation race?

- **Dhritiman Hui** Managing Director, EPS Ventures
- **Lucius Bunk** Founder & Partner, Auerbach Schifffahrt
- **Fabian Feldhaus** Managing Director & Co-Founder, Flagship Founders
- **Hannes Thiede** Managing Director, F. Laeisz
- **Mette Asmussen** Lead for Maritime Sector Initiatives, World Economic Forum

Moderation

- **Craig Eason** Technology Editor, TradeWinds

14:30 – 16:15

session II

Net zero, newbuildings and technologies of the future

14:30 – 15:00

Panel discussion: How can shipbuilding be ready to support the future fleet?

- **Reinhard Lüken** Managing Director, VSM
- **Henrik Lykkegaard Madsen** Head of Asset Management, D/S Norden
- **Alex Green** Deputy General Manager, Tanker Chartering & Operations and Growth Manager, MOL Plus, MOL

15:00 – 16:15

Panel discussion: Energy efficiencies, supply chains and savings – is the shipping industry having the wrong conversation about fuels?

- **Knut Ørbeck-Nilssen** CEO, DNV
- **Rob Stevens** Sector Lead Green Fuels, Topsoe
- **Zoran Lajic** Energy Efficiency Director, Angelicoussis Group
- **Friederike Hesse** Co-Founder & Managing Director, zero44
- **Sameer Bhatnagar** Head of Fuel Transition and Infrastructure, Maersk

16:15 – 17:30

session III

The shipowners' view – how do we navigate through growth, complexity and disruption?

16:15 – 16:30

Keynote interview: In conversation with Arsenio Dominguez

- **Arsenio Dominguez** Secretary-General, IMO

Moderation

- **Julian Bray** Editor-in-Chief, TradeWinds

16:30 – 17:30

Panel discussion: When to spend – what should cash-rich shipowners do with their profits?

- **Constantin Baack** CEO, MPC Container Ships
- **Gaby Bornheim** President, VDR
- **Kurt Klemme** Managing Director, Reederei Nord
- **Martin Harren** CEO, Harren Group
- **Filippos Prokopakis** Chief Commercial Officer, Danaos Corporation
- **Rolf Habben Jansen** CEO, Hapag-Lloyd AG

Moderation

- **Julian Bray** Editor-in-Chief, TradeWinds

Maritime Future Summit

4 sept 2024

Digital & Security Stage
south entrance, **hall B6**

smart is green

Smart technology, increasingly based on AI, is revolutionising the way we design and operate ships, enabling next-generation energy-efficient designs and shipping. In short: “AI cuts CII” is the 2024 trend. The Maritime Future Summit at SMM 2024 will feature cutting-edge innovations in design and operation presented by technology leaders from key players and start-ups. Don't miss this unique opportunity to look into the crystal ball and see the future of smart maritime technology.

10:30 – 11:15

session I

Welcome address

→ **Claus Ulrich Selbach** Business Unit Director Maritime & Technology Exhibitions, Hamburg Messe und Congress

Introduction and session moderation

- **Prof. Dr Volker Bertram** Senior Project Manager, DNV
- **Krischan Förster** Editor-in-Chief, HANSA International Maritime Journal

Let digital twins save fuel

→ **Dmitriy Ponkratov** Director R&D Maritime, Siemens Digital Industries Software UK

It's and (not or), stupid! AI as game-changer in digital twins

- **Thomas Hildebrandt** Founder & Senior Consultant, Numeca Ingenieurbüro
- **Zhao Bingqian** Senior Executive, CCS

13:15 – 14:00

session II

Moderation

→ Prof. Dr Volker Bertram Senior Project Manager, DNV

Gliding on AI: how to achieve provable fuel savings with disruptive technology

→ Noah Silberschmidt Founder & CEO, Silverstream Technologies

AI for improving forecasting accuracy of commercial bunker estimates

→ Casimir Morobé Founder & CEO, Toqua

AI driven autonomous robot for in-transit hull grooming

→ Aviv Melman Co-Founder and CBO, NakAI Robotics

15:05 – 15:50

session III

Moderation

→ Prof. Dr Volker Bertram Senior Project Manager, DNV

Decarbonising by AI

→ Astrid R. Kristoffersen Director Group Research & Development, DNV

How to do AI badly

→ Amy Parkes Partner, Arcsilea Partners LLP

AI-based ship hull management

→ Helle Vines Ertsås Global Category Manager – Hull Performance, Jotun

Green Stage
central entrance, **hall A4**

setting a green course

Moderation for all sessions

Nick Chubb Founder, Thetius

10:15 – 10:40

opening

Welcome address

- **Claus Ulrich Selbach** Business Unit Director Maritime & Technology Exhibitions, Hamburg Messe und Congress
- **Chris Morley** Group Director, Seatrade Maritime
- **Dieter Janecek** Coordinator for Maritime Industry and Tourism, Federal Ministry for Economic Affairs and Climate Action
- **John McDonald** President and COO, ABS

10:50 – 11:30

panel I

Industry marketplace: accelerating maritime decarbonisation

This session will uncover insights from early adopters of alternative technologies and evaluate the economic impact associated with achieving regulatory compliance. Win or fail for shipowners?

Speakers

- **Dr Gunnar Stiesch** Chief Technology Officer, MAN Energy Solutions
- **Steve Esau** COO, SEA-LNG
- **Marc O'Neil** CEO, Columbia Group
- **Panos Koutsourakis** Vice President, Global Sustainability, ABS

For the latest updates, please check the current programme at smm-hamburg.com/gmec

11:40 – 12:10

panel II

Financing sustainable maritime operations

Poseidon Principles, green corridors and more: follow the experts who will delve into strategies and policies, discuss instruments and empower you to secure funding for the impact of EU ETS and IMO regulations.

Speakers

- **Torsten Holst Pedersen** Chief Operating Officer, Seaspans Corporation
- **Nils-Christian Hanke** Vice President, KfW IPEX-Bank GmbH
- **Ingrid Irigoyen** CEO, ZEMBA

13:10 – 13:50

panel III

Decarbonisation through fleet efficiency

Leading the way with practical examples, this session will focus on enhancing ton/mile efficiency and explore a range of technologies and strategies including emerging satellite technology and secure data transfer.

Speakers

- **Suraj Batra** Technical Manager, Ardmore Shipping
- **Harriet Hunnisett-Johnson** Head of Maritime, Signol
- **Yarden Gross** CEO and Co-Founder, Orca AI
- **Cristina Aleixendri** Co-Founder, bound4blue

14:00 – 14:40

panel IV

The future of seafaring: training, trends and retention

This session will focus on the evolving profile of seafarers and the need for advanced training aligned with IMO's targets as well as innovative approaches to retention of seafarers.

Speakers

- **Raal Harris** CCO, Ocean Technologies Group
- **Claudia Paschkewitz** Director of Sustainability, Diversity and Inclusion, CSM Group
- **David Taylor** Head of Curriculum at Lloyd's Maritime Academy

14:50 – 15:30

panel V

Ship recycling & circular economy

The Hong Kong Convention will come into force in 2025, which, according to BIMCO, will result in over 15,000 ships being recycled in the next ten years alone. This session will examine the extent to which this move will transform the recycling industry, promote sustainable practices and contribute to a resource-efficient global economy.

Speakers

- **Sergey Griбанov** Area Business Development Manager, Germany, DNV Maritime
- **Gudrun Janssens** EU Representative, BIMCO

Closing remarks

- **Nick Chubb** Founder, Thetius

Digital & Security Stage
south entrance, **hall B6**

challenges of transition in the naval and maritime domain

Against the backdrop of a growing security and defence market, as well as dual-use technologies being considered as key innovation drivers, MS&D takes advantage of SMM's tradition of exhibiting civil and military technology side by side. The conference will address current challenges for navies, multi-domain strategies, asymmetric threats against commercial shipping as well as asymmetric naval tactics, disruptive technologies and new trends in naval shipbuilding. Representatives from navies, industry, science and start-ups will have their say in moderated panel discussions.

5 sept 2024

10:30 – 11:00

opening & keynote

Welcome address

- **Rear Admiral (ret.) Karsten Schneider** President, DMI
- **Claus Ulrich Selbach** Business Unit Director Maritime & Technology Exhibitions, Hamburg Messe und Congress

Keynote

- **Vice Admiral Jan Christian Kaack** Chief of the German Navy

For the latest updates, please check the current programme at smm-hamburg.com/msd

11:00 – 12:00

panel I

Current challenges in the maritime domain

Moderation

→ **Prof. Dr May-Britt U. Stumbaum** George C. Marshall Center for Security Studies & Director, The SPEAR Institute

New technologies and their impact on maritime security: Yemen and the Black Sea in perspective

→ **Captain (Navy) Sebastian Hamann** German Navy

Asymmetrical threats against commercial shipping

→ **Irina Haesler** Head of EU Representation/Member of the Executive Board, German Shipowners' Association

Maritime aspects of military logistics – new challenges

→ **Captain Stuart Robertson** Deputy Assistant Chief of Staff Operations Support, Royal Navy Maritime Operations Centre

14:00 – 14:10

An innovative perspective on maritime domain awareness

→ tba

14:10 – 15:10

panel II

Maritime domain awareness & multi-domain ops – above and under water

Moderation

→ **Rear Admiral (ret.) Karsten Schneider** President, DMI

New trends & technologies

→ **Lisa Edvardsen Haugan** President, Kongsberg Maritime

Critical undersea infrastructure

→ **Rear Admiral Christian Walter Meyer** Deputy Chief of Staff Operations, German Navy Command

The maritime contribution to multi domain-operations

→ **Major General (ret.) Mick Ryan** Senior Fellow for Military Studies, Lowy Institute (Sydney); Adjunct Fellow, Australia Chair, Center for Strategic and International Studies (Washington DC)

15:30 – 16:30

maritime innovation challenge

Innovation and disruptive technologies as a strategic imperative: pitches by innovative small companies and start-ups addressing the pressing needs in maritime security and defence

Moderation

→ **Dr Moritz Brake** Managing Director and Co-Founder, Nexmaris GmbH; Senior Fellow for Maritime Security and Strategy, CASSIS Think-Tank, University of Bonn

→ **Bertrand Mignot** Managing Director and Co-Founder, Nexmaris GmbH

→ Topic tba

→ tba

MS&D

5 + 6 sept 2024

Digital & Security Stage
south entrance, **hall B6**

6 sept 2024

10:30 – 11:30

panel III

**Asymmetric naval responses –
the illusion of low-intensity warfare at sea**

Moderation

→ **Dr Sarah Kirchberger** Vice President, DMI;
Academic Director at ISPK, University of Kiel

**Technological responses to maritime security challenges
in the Indo-Pacific area**

- **Dr Jyh-Shyang Sheu** Assistant Research Fellow,
Taiwan Institute for National Defense and Security Research
- **Dr Jyun-yi Lee** Associate Research Fellow,
Taiwan Institute for National Defense and Security Research

Asymmetrical warfare against conventional navies

→ **Admiral (ret.) Igor Kabanenko PhD** President of Ukrainian
Advanced Research Project Agency, former Deputy Minister of
Defence of Ukraine

12:00 – 13:00

panel IV

Trends in naval shipbuilding

Moderation

→ **Heinz Schulte** Board Member, DMI

Trends in naval shipbuilding – a German perspective

→ **tba**

Asymmetrical threats: drone carriers – the answer?

→ **Magiel Venema** Managing Director, Damen Naval Germany

Engineering and design trends in naval shipbuilding

→ **Jochen Stiehle** Managing Director, NVL Group

Application of AI in the naval shipbuilding industry

→ **Jonas Neustock** Team Lead Operations Artificial Intelligence, TKMS

13:00 – 13:15

summing up MS&D/end of conference

→ **Rear Admiral (ret.) Karsten Schneider** President, DMI

Maritime Career Market

5 + 6 sept 2024

hall B2 upper floor

careers in sight

With information stands from leading companies and training organisations as well as a large, extended two-day programme, the Maritime Career Market (MCM) offers a perfect introduction to all aspects of training, studying and careers in the maritime industry. On the adjacent Open Stage, there will be lectures in the Career Forum as well as the Career Happy Hour with music, drinks and food on Thursday night from 17:30 to 19:30.

free tickets

Pupils, university students and teachers have free admission to the MCM and SMM on 5 and 6 September. Free tickets are available at smm-hamburg.com/ticket

rally and guided tours

Explore the trade fair together, experience the latest technology at first hand and meet industry professionals in person – special group events on Thursday and Friday make this possible. Registration required, more at smm-hamburg.com/mcm

opportunities on the Job Route

Whether it's a partnership for a bachelor's or master's dissertation, a trainee position, your first job or something else entirely: companies with career opportunities for specialists and young talents are marked with the Job Route symbol in the SMM Guide and online. Further information at smm-hamburg.com/job-route

Follow our Instagram channel [@maritime_career_market](https://www.instagram.com/maritime_career_market) for exclusive insights, exciting stories and great activities!

In addition to the high-profile conferences, experts from established players and start-ups will give compact and inspiring presentations on all four Transition Stages. The topics will be related to the main theme of the respective stage, with the Open Stage offering space for a variety of topics. For the latest updates, please check the speaker slots at smm-hamburg.com/speaker-slots

A4
Green Stage
 alternative propulsion, environmental technologies and sustainability

B2
Open Stage
 various topics across all maritime sectors

B5
Cruise & Ferry Stage
 interior design, equipment and technology for passenger ships

B6
Digital & Security Stage
 automation, digitalisation and data management

Join the maritime community for free drinks, snacks and music: from 17:30 to 19:00, following each day's lectures and presentations, our popular **Wine o'clock** social turns the **Transition Stages** in halls A4, B2, B5 and B6 into laid-back networking spaces.

To accompany its career-focused programme on 5 September, the Open Stage in **hall B2** will host a **Career Happy Hour** from 17:30 until 19:30, providing extra time for young visitors to connect with industry experts in a relaxed ambience.

On 4 September, the Cruise & Ferry Wine o'clock in hall B5 will be **sponsored by CLIA**, which makes it the very best occasion to rub shoulders with the leaders of the cruise and ferry industry.

theme routes

Follow our dedicated theme routes to find exhibitors in the areas that interest you most:

Digital Route

Discover innovative digital products and services for lowering fuel consumption and reducing emissions, advanced solutions for fleet data management and cybersecurity, decentralised on-demand additive manufacturing and more.

smm-hamburg.com/digital-route

Cruise & Ferry Route

Meet suppliers of ship technology from the machine room to the bridge, suppliers and service providers in the areas of interior equipment and technology, interior design and passenger health and safety.

smm-hamburg.com/cruise-route

Green Route

Visit providers of alternative fuels, hydrogen technology, innovative solutions for the reduction of greenhouse gas emissions and defossilisation of shipping and other systems that contribute to the maritime energy transition.

smm-hamburg.com/green-route

Start-up Route

Talk to up-and-coming providers of innovative products, services and solutions for the maritime industry. Start-ups are grouped in joint stand areas close to established exhibitors in the relevant sector.

smm-hamburg.com/start-up-route

Security & Defence Route

Find some of the world's leading providers of security-related products and services for military or dual-use applications or for use in civil shipping.

MARINE
INTERIORS
@SMM

Besides the **Maritime Career Market** in hall B2 and the dedicated zones for **start-ups** in halls B2 and B6, SMM presents three further areas of special interest.

In hall B6, the **AI CENTER** provides interactive experiences with advanced AI technologies and showcases revolutionary applications and solutions for the maritime industry.

On 5 September from 15:10 to 15:40, the Open Stage in hall B2 will feature the first-ever AI for the Oceans Award finalists' pitches and award ceremony, honouring applications from start-ups and initiatives from more than 30 nations.

The **Future Fuels Area** in hall A2 is the world's most important exhibition platform for suppliers in the field of maritime hydrogen technologies.

Finally, **MARINE INTERIORS @SMM** in hall B5 serves as Europe's only event that caters to the full diversity of the cruise and ferry sector, with the **MARINE INTERIORS Discovery Bay** introducing exhibitors who are new to SMM and present innovative and sustainable solutions for passenger shipping.

MariMatch

3 + 4 sept 2024

hall B2 upper floor

MariMatch @SMM

Many cross-border collaborations, innovation projects and other success stories have started here: together with the Enterprise Europe Network, we're once again offering MariMatch @SMM – a special networking opportunity for exhibitors and visitors to find business or academic partners for the production, distribution, joint development and delivery of products, ideas and services.

Taking place on 3 and 4 September 2024, the event will bring you together with potential partners in pre-arranged **20-minute B2B meetings** focusing on the main topics of the fair, in particular innovative solutions for sustainability, energy efficiency and digitalisation.

Participation is **free of charge**, meetings must be booked in advance. To register, please visit smm-hamburg.com/marimatch

TOPICS (SELECTED)

- Alternative propulsion
- Emission reduction
- Sustainability and circular economy
- AI, digitalisation and automation
- Additive manufacturing
- New materials
- Dual-use products

SECTORS (SELECTED)

- Shipbuilding and shipyard industry
- Ship equipment
- Propulsion and electronics
- MARINE INTERIORS
- Port technology and cargo systems
- Maritime services
- Shipping business and charterers
- Marine technology

In cooperation with

SMM 2024 Networking Platform

**SMM
in your
pocket**

DOWNLOAD
APP NOW

Elevate your SMM experience
with our smart **Networking Platform**
smm-hamburg.com/platform

The image shows a smartphone displaying the SMM Networking Platform app interface. The app has a dark blue theme with white text and icons. The main menu includes options like 'Networking', 'Exhibitors', 'My Profile', 'My Calendar', 'My Contacts', 'My Messages', 'My Events', and 'My Profile'. A QR code is shown in a circular graphic next to the 'DOWNLOAD APP NOW' text. The background is a dark blue with a network-like pattern of white lines and dots.

enjoy the comfort and precision of AI-powered matchmaking

Networking has always been at the core of SMM, so get ready for a truly state-of-the-art solution that makes it a breeze to select the most valuable business contacts for you from the **global pool of SMM participants**. With **AI recommendations** and your choice of filters you'll find precisely the exhibitors, industry experts, conference events, sessions, topics and speakers that match your interests.

connect, meet and follow

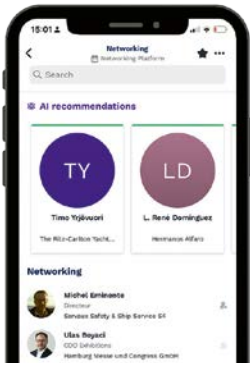

In a blink you can connect with exhibitors and other attendees. You can arrange **face-to-face meetings** and gather more **information about your contacts**, such as who attends the same sessions as you and shares the same interests. Grow your network like never before and carry on after the event with ease, as all data is available and can be downloaded until the end of October on your desktop.

signed up yet?

join now for free!

The platform runs on desktop and smartphones. The app is available free of charge on the App Store and Google Play Store. Scan the QR code to **download the app** and log in to the Networking Platform by entering the **email address** that was assigned to your ticket in the SMM ticket shop or via the magic link that you received by email after purchasing your ticket. Now **create a password** and you're ready to go.

log in and start networking

After logging in, you can see which participants are currently online. Your profile is also visible and contains the details you entered in the SMM ticket shop. Now add a photo and other details to your profile to receive the best AI-powered contact recommendations. Don't hold back: the more details you enter, the better the system can work for you.

scan and connect at the fair

The app has a camera function so you can quickly scan QR codes on an attendee's badge and easily store contact information, while sending your contact details automatically in return. After this mutual exchange, both of you will have access to live chat and detailed profile information, and can add tags and notes to the contact.

attend events and schedule meetings

Create your own SMM agenda by selecting conferences, sessions and speaker slots from the extensive programme. Or how about scheduling personal meetings with exhibitors or making appointments with other participants at one of the popular Wine o'clock networking events? To further facilitate face-to-face meetings, we've set up dedicated networking meeting points in halls A1/A4, B4 (upper floor) and B7 as well as in the Skywalk that connects A and B exhibition grounds.

need help?

If you need any assistance, our help desk would be happy to get things (net)working. You'll find the help desk at the Exhibitor and Visitor Services support desk on the upper floor just past the Central Entrance or online at smm-hamburg.com/helpdesk

Visit smm-hamburg.com/platform for more information and explainer videos about the SMM Networking Platform.

new for SMM visitors: public transport for free

Hamburg Messe und Congress's sustainability strategy benefits you as well as the environment. For example, every SMM 2024 visitor ticket includes a return journey to the exhibition centre on hvv public transport services.

It could hardly be greener, because in Hamburg the S-Bahn (rapid transit) and U-Bahn (metro) are powered exclusively by electricity from renewable energy sources. In fact, the Hamburg S-Bahn was the first railway company in Germany to switch completely to green electricity.

In addition to saving money and cutting emissions, you also save time, because thanks to its central location the exhibition centre is easy to reach – including from the airport.

from Hamburg Airport to SMM and back

With a journey time of about 30 mins, public transport offers the fastest connection from Hamburg Airport to the exhibition centre. And on top of that, it's like a sightseeing tour, because many trains run above ground. Your options, depending on your preferred entrance to the site, are as follows:

- Take the S1 from Hamburg Airport to Hauptbahnhof and then the S2 or S5 to Dammtor (12 minutes on foot to the East Entrance) or Sternschanze (2 minutes away from the West Entrance)
- Take the S1 from Hamburg Airport to Jungfernstieg and then the U2 to Messehallen (3 minutes on foot to the Central Entrance and 20 metres away from the South Entrance)
- Take the S1 from Hamburg Airport to Barmbek and then the U3 to Sternschanze (20 metres away from the West Entrance)

For detailed information on public transport connections, please visit [smm-hamburg.com/transportation](https://www.smm-hamburg.com/transportation)

SMM shuttle service

You'll be amazed at who you meet and get to know while travelling with other SMM participants: the [SMM Airport Shuttle](#) commutes between Hamburg Airport (arrivals level, between Terminals 1 and 2) and the exhibition centre's [West Entrance](#) at the time indicated below. The cost per journey is €10 and the ticket can be bought directly from the bus driver when boarding.

On Fridays, the last departure for the exhibition centre is at 16:30.

Messe + Congress**

In partnership with:

**Seatrade
Cruise**

Co-located with:

**MARINE
INTERIORS** | Cruise & Ferry
Global Expo
Powered by SMM

The **Deutsche Seemannsmission** is a globally operating charity, founded in 1886.

"Support of seafarers' dignity" is the aim.

Caring for seafarers: physical, mental and spiritual wellbeing.

We operate a variety of seaman's clubs and hotels and always a ship visiting service.

We try to empower seafarers by:

- providing transport,
- communication,
- general advice,
- „maritime“ advice,
- pastoral care and spiritual support
- crisis intervention.

The Deutsche Seemannsmission is represented with 33 facilities, in 15 countries and nearly all ports in Germany.

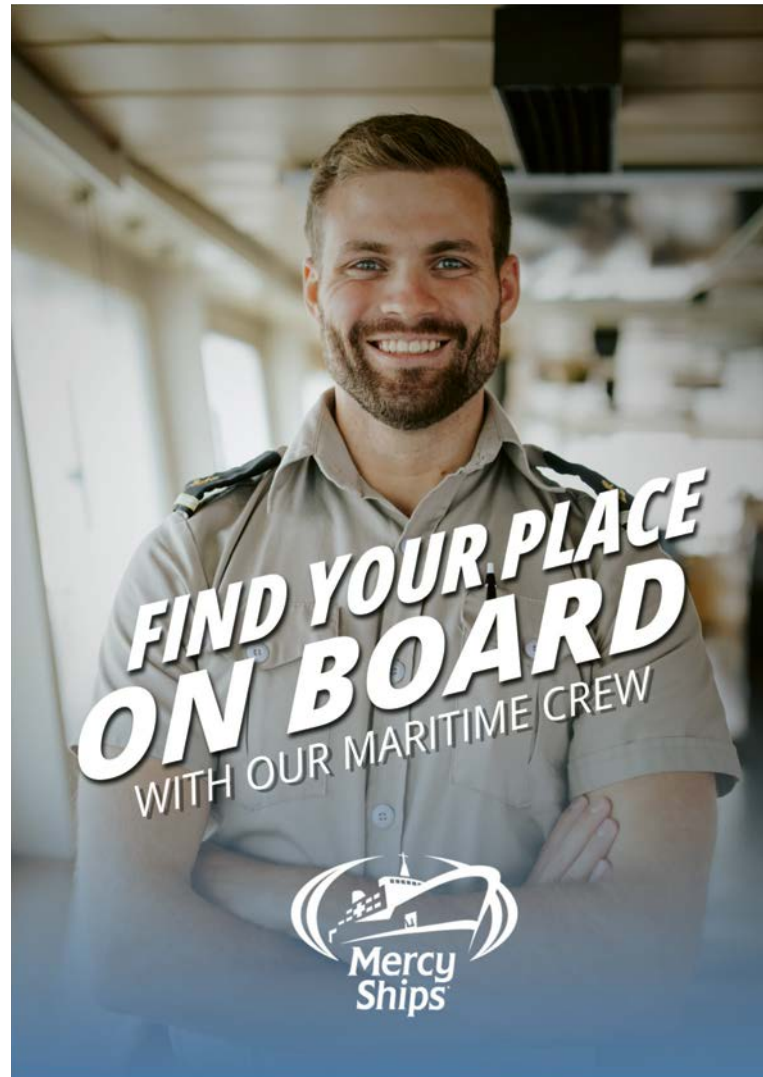

We are the welfare provider acting on behalf of the federal government of Germany, according to MLC 2006.

Please contact us on:

phone: +49 40 239 3698-0

Mail: headoffice@seemannsmission.org

Evac HydroTreat: Vorreiter bei der Umstellung auf zirkuläres Abfallmanagement <https://evac.com>

Evac HydroTreat ermöglicht die Behandlung an Bord, reduziert das Abfallvolumen um 90 % und eliminiert die Notwendigkeit des Entladens. Das System nutzt Wärmetauscher, um den Energieverbrauch zu minimieren und die Emissionen um 80 % zu senken. Der Abfall wird in ein kohlendioxidbindendes Nebenprodukt umgewandelt, das sich zur Bodenverbesserung eignet.

Erreichen Sie Ihre Nachhaltigkeitsziele und senken Sie Betriebskosten mit Evac!
